

Walk on Water at Engineering Day!

- WHAT:** Local media are invited to attend: **'Gear Up for Engineering Day!' at the TELUS World of Science – Edmonton (TWOSE).**
- WHEN:** **Saturday, January 14, from 1:00 p.m. to 5:00 p.m.**
- WHERE:** 11211 142 Street, Edmonton, Alberta T5M 4A1
- WHY:** We've invited 100 engineers from the University of Alberta to help host a special one-day event, dedicated to all things engineering and fairy tales! Facilitated by TWOSE staff scientists and skilled engineers, guests will be tasked with helping fairy tale characters "engineer" their way out of trouble.
- HOW:** Upon arrival guests will be given a passport. Each passport will indicate a variety of challenges for them to try. Each guest must complete at least three tasks to earn their ultimate fairy tale ending: **walking on water to Happily Ever After.**
- How does a person walk on water? You'll have to see it to believe it.**
- VISUALS:** All day, from 1:00 p.m. to 5:00 p.m. guests will be participating in highly engaging, hands-on and interactive games and activities. Each different activity lends itself to a unique and colourful photo opportunity, such as:
- Building circuits to light up the North Star
 - Building houses for the Three Little Pigs
 - Helping the little matchstick girl safely light her matchsticks in a mine
 - Building a pail for Jack and Jill
 - Cleaning up after an oil spill to save the little mermaid and her friends
 - Helping Chicken Little bring the sky down, and finally;
 - **Walk on water to Happily Ever After**

- 30 -
